

Because April, as you know, is National Poetry Month...

In our neighborhood and backyards, in the hills and the fields, in the streets and the houses, in the city thinking of country, in the country thinking of city,

MARCH IS WRITE POETRY MONTH!

Write poetry, or gather poems together that you have written this year.

Email them directly to kid@I2zine.com

In April we will post students' original poetry on our annual Poetry Wall online for all to read. Further publication in print is possible for poems selected by our poetry editors.
